Annie Get Your Gun was the high spots May 19-20-21. The cast (Debbie Spellman and Marcy Quintanna with the leads) were greatful for the turn out.

The musical with its love story and comedy worked out real well for Tech High School. The cast consisted of the Drama Club and the Music Department. The directors were Mr. Paul Prather (Music), Mr. Stan Minks (Drama), Mr. Gary Conway (Coreography), and Miss Mayard (Costumes).

Thanks so much directors for giving us this opportunity. Thank you students, teachers, and parents for your support.

(1) Isn't she kind of big to be holding a dolly? Leave it to Leah Wolcott.

(2) Annie, (Debbie Spellman) sings the BLUES.

(3) Buffalo Bill's show wasn't what was all cracked up to be!

(4) Annie (D. Spellman) comforts Minnie (Pam Henshaw) as she sings them to sleep.

(1) The arrival of Frank (Marcey Quintana) Butler into town.

(2) How it's done behind the scenes.

(3) The members of the Wild West Show dress up and have a ball.

(4) How about a shoot out on clay pigeons.

(5) "I hope, I hope, I hope it's me."

From an Arsenal of War . . .

1861 was when it started. Guns were fired, cannons were fired etc . . . May men lost their lives to take a stand for our country.

Many of the buildings that were here and used during that time are still standing . The Arsenal, West residence, Magazine and Barn, are the ones that still remain.

With a few more buildings added to those still standing, we made a school, a place to learn, a place to further our education, to trod in the footsteps of our fore fathers who fought to save our country.

The Arsenal; our office building now.

The Mogozine; The ROTC headquarters.

The cannons once fired, now welcome one onto Tech's compus.

The Barracks; Tech's ROTC headquarters.

The West Residence; now the colonel's Cupboard.

Prom

The enchanting evening of May 9, 1981, will always hold fond memories of the "We Belong Together" Prom.

Beautiful long dresses and black tie suits decorated La Scalla's Ball Room, 110 S. Meridian St.

The turn out was sucessful, and the band, "Amusement Park" performed some of the latest sounds from Chicago.

Excitement filled the air as the Junior/Senior Prom King and Queen candidates were about to be crowned. Juniors Karen Holmes and Wayne Booker, accompanied by Seniors Della Bellamy and Kenny Musgrove had a spot light dance as the four were crowned Queens & Kings of 1981.

What a beautiful night.

Upper Right: Tech Titans "JAM" to the music of Amusement Park from Chicago.

Middle Left: The evening seems to mellow out.

Middle Right: The senior sponsor and chaperone—Miss Lou Mann

Lower Right: What does Jeff Rhoads know that the rest of them don't????

Upper Left: Penny Adams and Aaron Hunt are more interested in the camera than the conversation.

Upper Right: Linda Amanette and Todd Godbury take time out from their dinner to smile for the camera.

Middle Left: The tables begin to fill up at La Scalla ballroom for the 1981 prom.

Middle Right: Marty Carpuz isn't putting on an act, he always acts that way.

Lower Left: Cheer up guys, the worst is yet to come.

To an Arsenal of Learning

With the addition of about 11 more buildings our civil war monument was made into a school.

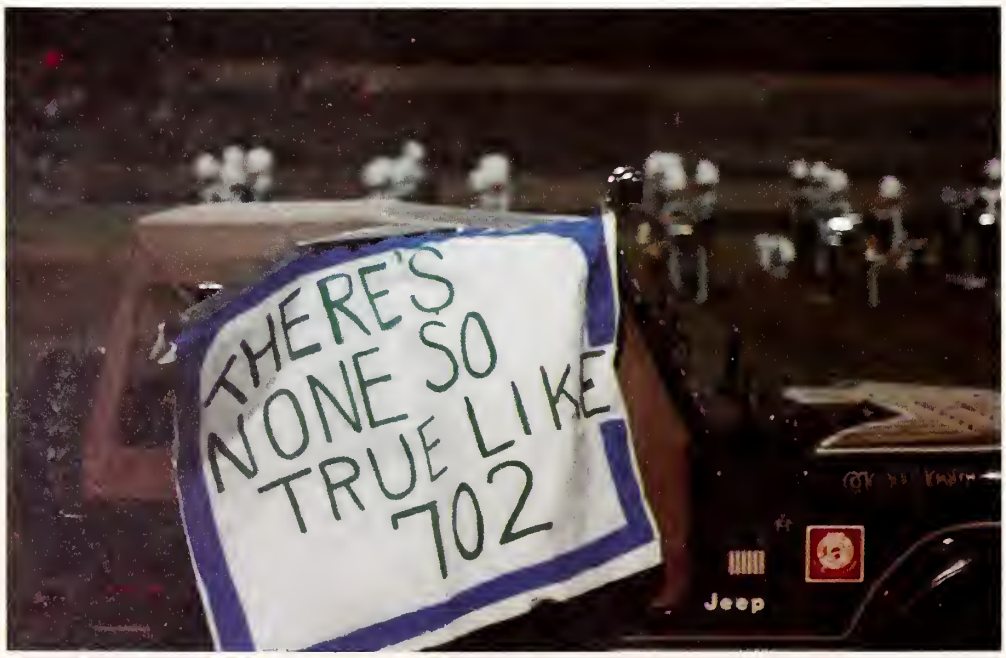
Debbie Spellman, aur homecaming queen of 1981; Cangratulatians Deb!!

As the chilly winds blew and the temperatures dropped in the low 20's it just wasn't quite cold enough to keep the Titans from the homecoming festivities, 1981. The half time show was bright and colorful with floats and fire works. Mr. Layman, sponsor of Key Club, crowned the Queen, Debbie Spellman, 648, and presented Robert Fox 702 the Homecoming trophy. The trophy was awarded to Roll Rooom 648 for the winning float. The Chartard Trojans took the game from the Titans with a 36 to 0 win.



The crowd gathers around as Roll Room 721's float is being pulled onto the field.

The candidates for homecoming are: l to r, Barry Williams, Debbie Spellman, (648), Derek Miles, Tino Porrott, (721), Ambret McChristion, Ron Jones, (722), Melanie Dillard, Robert Fox, (702), Wayne Booker, Shelone Anderson (701).

Homecoming Royalties 1981.

722's float; the trojans are being trampled on by the Titans.

The winning float, 648, was a graveyard scene.

Some were tears of joy, some were tears of dissappointment.

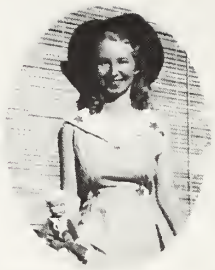
The Way We Were . . .

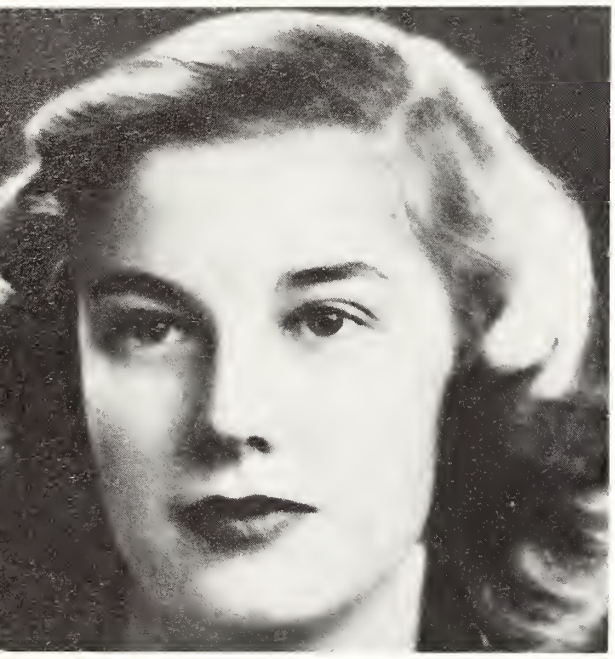
Recognize any of the faces on this page? Well you should. It's your teachers as students here at Tech.

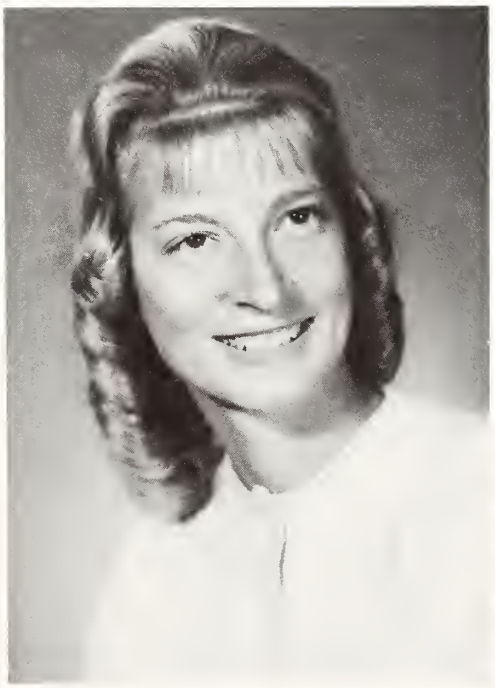
The teachers that went to Tech for high school and graduated and came back to teach here are the ones on this page.

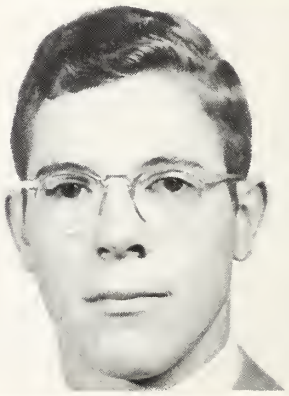
We really didn't realize that Tech existed that far back.

Thank you teachers for having the loyalty for coming back to teach at Tech.

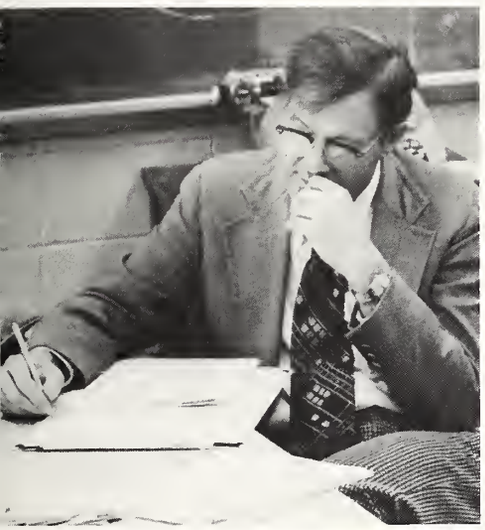


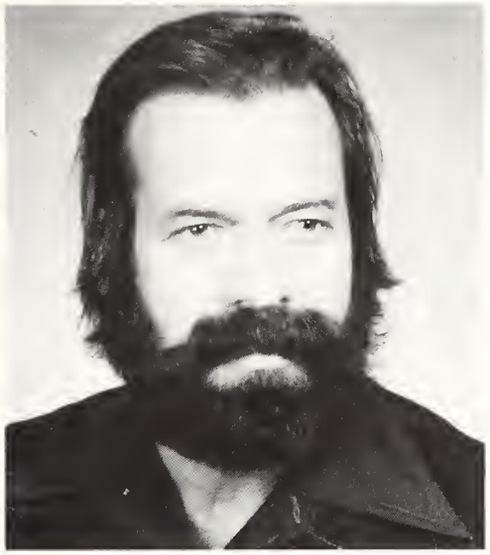


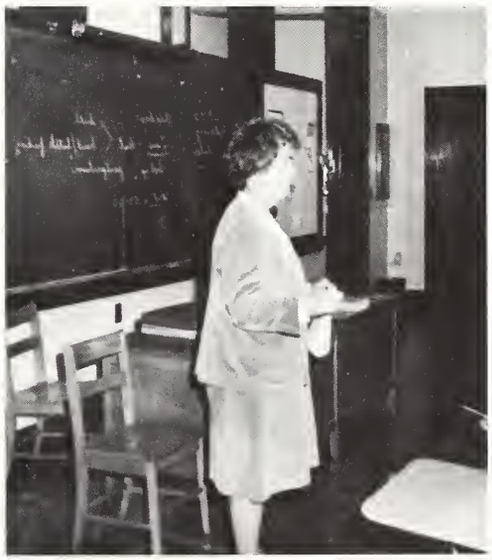




The Way We Are . . .







Can you find their counterparts?

Can you match the way we are with the way we were?

Our Four Years Are Over

Here we are Seniors! It's certainly hard to believe that four years ago we began our lives as "High School Students."

The years went by as days, and the days went by as hours, . . . sometimes. Nevertheless, it is almost over for us.

As we are standing here tonight, the tears are flowing slowly down over faces and the diplomas are waving high in the air. This night is definitely one to rejoice in and celebrate.

"Graduating Seniors, move your tassels."

A touching moment as two handicapped students receive their diplomas.

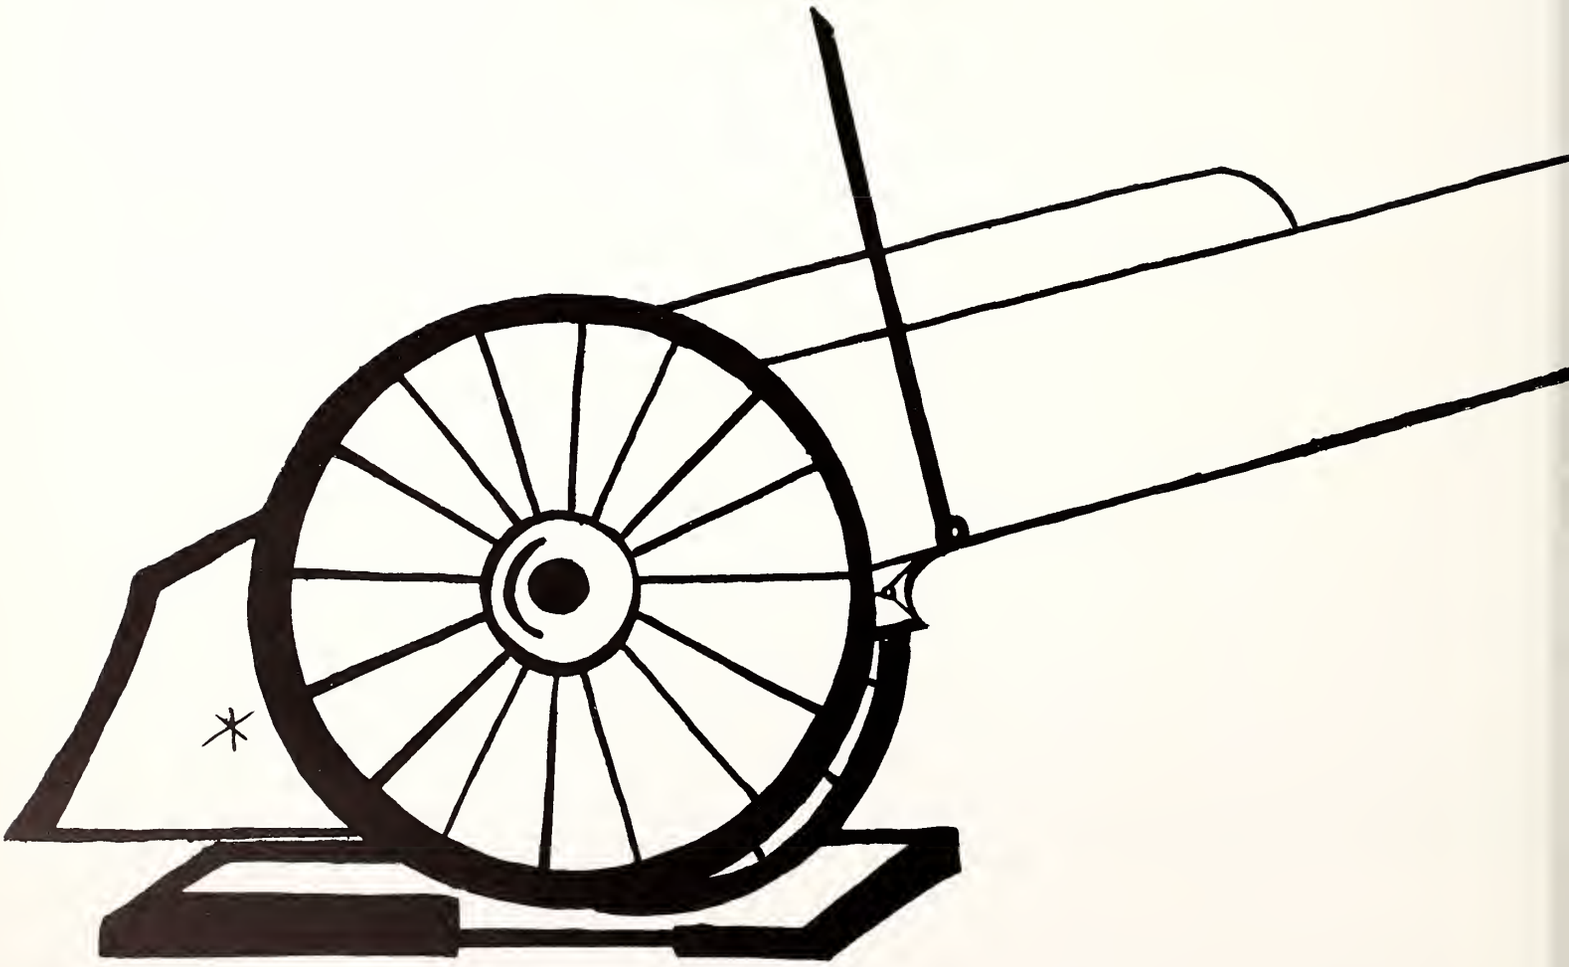
Happy yet sad, excited but fearful the soon-to-be graduates begin the processional.

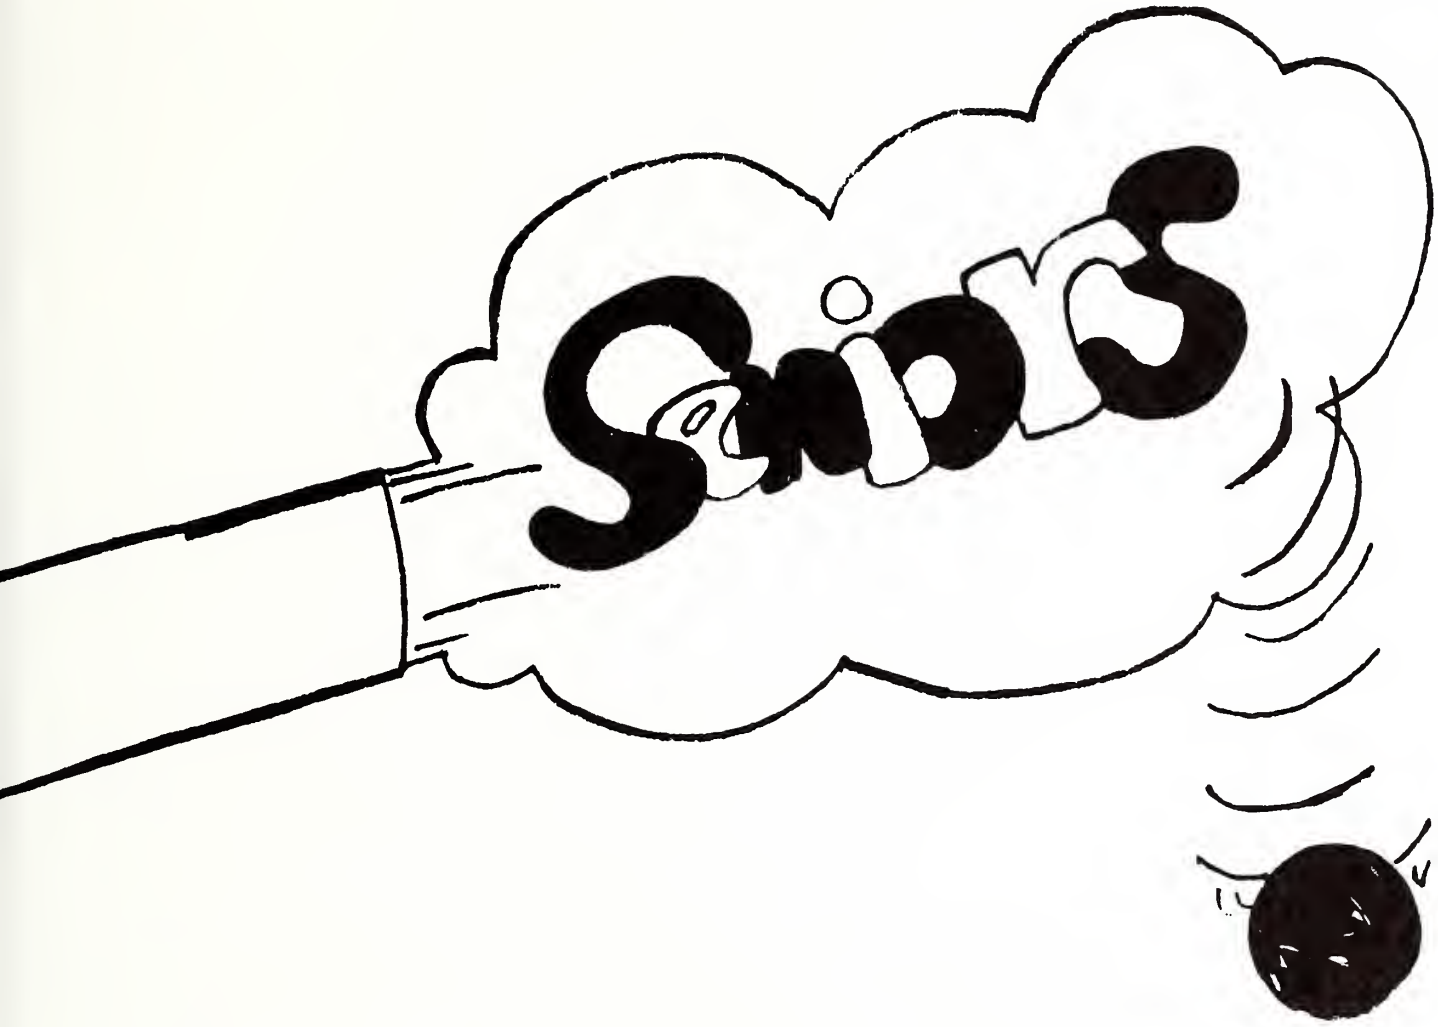
A look of worry crosses each senior's face as the thought arises, "Where do I go from here? What comes next?"

The debut and farewell performance of the senior class banner.

The processional, the beginning of the end.

The ceremony begins as Mr. Reed and Mary Bush make their way to the podium.





The four years of our High School education is now here. Have we learned anything? Have we done what our forefathers would have wanted us to do? We have walked on the ground that once was a battle field for four years, what we have prepared ourselves for is yet to come. Let us not make another battle field of our beloved school, Arsenal Tech.

Legion Tops for Seniors

One of the major highlights in a Senior's career is to be in the Tech Legion. Students are given merits each semester by classroom teachers and activity sponsors. After seven semesters, points are totalled up and the top ten percent are honored as captains with the top boy and girl as co-commanders. Tech Legion shows the community the finer qualities of Tech through these outstanding students.

Members of the Legion are Dawn L. Adam, Bryan E. Allen, Anna Amata, Cynthia Anderson, Mark C. Anderson, Joyce A. Atkins, Trina R. Avery, Kimberly Bernard, Wayne A. Booker, Brenda D. Bottoms, Robert A. Brahany, Lisa M. Brown, Fred Carpenter, Linda E. Chalifoux, Graig Chapman, Theodore T. Clark, R. Wynana Caggins, Thomas, R. Curren, Mark H. Demmary, Paula C. Datson, Robert L. Dotsan, Rhanda K. Duff, Keely Evans, Dennis E. Garrett, Tammy M. Gutnn, A'Lia M. Haley, Cynthio M. Hatcher, Marel L. Hoyes, Margie Herrera, Howard L. Hoover,

Martan, Timothy W. Oakes, Danna S. Parris, Dophne R. Parter, Cosondra Sims, Cynthia A. Smith, Deborah Spellman, Cynthia Squires, Scott Stackhause, David W. Stigger, Eleni G. Svolos, Carmen R. Thomas, Valerie K. Talan, Dawn A. Trobe, John M. Vawter, Kevin N. Warner, Irene Wilson, Julie L. Wilson, Phyllis Wininger, and Loretto L. Woods.

The officers are—Captains: Cynthia Andersan, Rhanda Duff, Margie Herrera, Edna Kemp, Cynthia Smith, Debbie Spellman, Phyllis Wininger. Commanders: Julie L. Wilson, and Kevin Warner.

Tim Oakes receives much deserved Legian award.

Titan Intelligence is Honored

Debbie Spellmon is seated after receiving her Legion pin.

Many Seniors here at Tech have a lot of dreams and goals that they have. Although these goals may change through the four years, all Seniors have dreams of being one of the few who participate in the Honors program. Among the honors are the sweaters awarded to the Seniors who accumulate a grade point average of 7.000 and maintain it. This year the 1982 class produced 18 top Seniors. Congratulations.

Cindy Anderson receives her captains pin at the ceremonies.

The learning process is a big part of Tech. The mind is like the body, it needs energy to be built up. The more effort you put forth, the more energy you'll make to build up your mind. Come with us to our mind "gas stations," our classes.

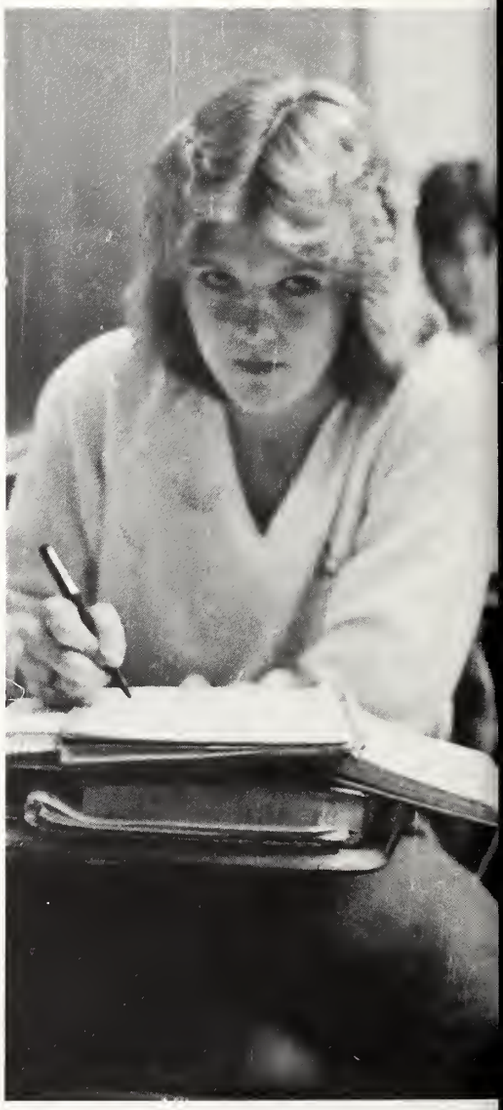
Calculating + Checking = Math

In today's ever changing world, the emphasis of math in our society is of most importance. The computer is a growing machine, and without the knowledge of figures and ability to solve the problems, our nation comes to a standstill. Our future depends on the youth of today, the mathematician.

Mr. Irelands class of calculus is determined to figure this one out!

Senior Karen Holmes acts real enthused about her algebra class!

Dan Robinson and chalkboard. Where would we be without them in class?



Business

Business is another vital source of knowledge to the working world. The technology of an ever growing, ever changing industry is in the hands of the business people. Tech has a large assortment of business classes to guide and to skillfully teach the future business executive. Ranging from general business, the fundamentals of balancing a check book to purchasing insurance, or a car, to utmost advancement in (S.O.L.) Senior Office Lab and Computer programming. So the business world of tomorrow will be trained for the 21st century.

HELP!!

To Be—Or Not to Be; This Is English!

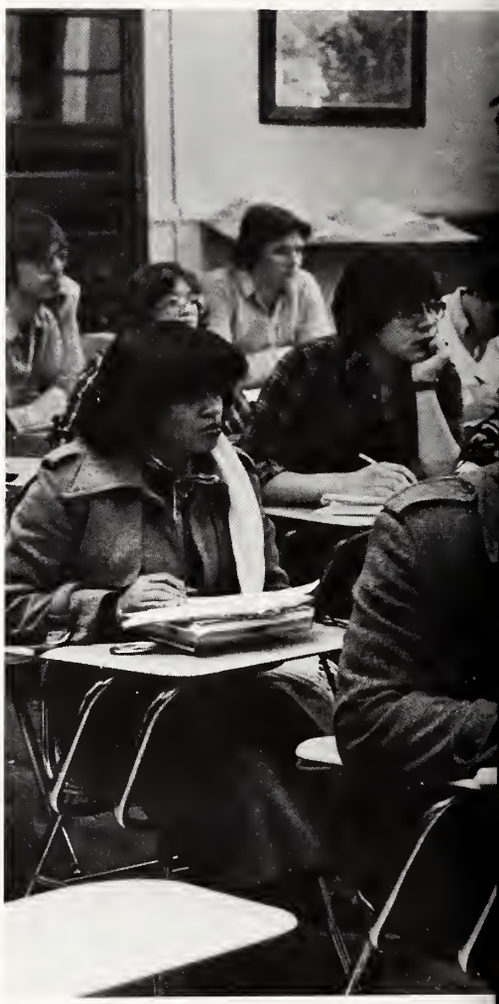
English, the class that teaches one never to say, "yeah, huh, ain't," and the dreaded "you know?"

At Tech, we have 37 different classes to teach a student the wonders of English.

After your freshman year of English I and II, students are encouraged to take the Phase I classes that might interest them. This might be Poetry and Bible Literature. But for the student who likes the classics, Greek and Roman Mythology has the best of them.

Phase II, a student who has made it to this point might have a heck of a time choosing the English classes they want. (They are all very hard to choose from). But the bold student here, might like taking Science Fiction and Supernatural Literature. But Journalism is helpful too if one plans to be another "Lou Grant."

Then when one reaches the Phase III stage, its time to really buckle down. Classes here are not hard, they are just require a lot of thought. But whatever classes one chooses, they are designed to enlighten and delight. And even have a little fun on the way.

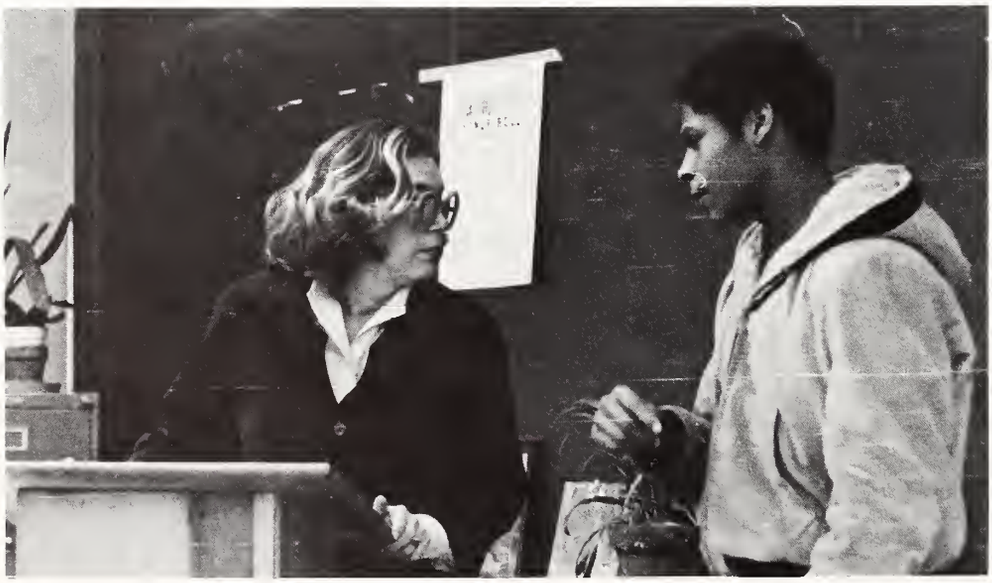


Puzzling isn't it?

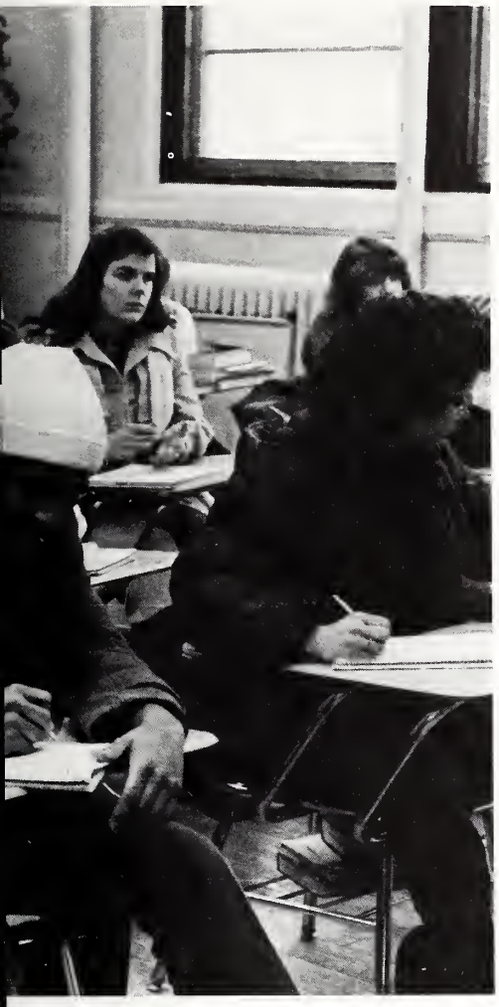
All together now!

Now, where to begin.

May I help you?



4 Score and 7 Years Ago— Our History Lives on



Some say history has a way of repeating itself. Although this may be true, but the history taught here at Tech is never the same. The background of our beloved school dates back to 1912, when soldiers walked the grounds we students called Tech. The History department headed by Wm. Siedlecki, and his fine staff of 12 have taught many students about different periods of time. History it is called.

Karen Holmes gettin' inta it? Camman' now!

Senior Nancy Deckard studies real hard in econ class.

William Siedlecki, deportment head af the history dept., lectures his class, and lectures and lectures and lectures ond well, you know!

Printing is both an educational and productive class here at Tech. On the educational side, printing students can learn how to set type, print copies, and other such things used in printing. On the productive side, the printing class not only prints the Cannon newspaper, but also prints the newsletter for the Cannon Alumni.

Our history preserved in ink. "The Arsenal Cannon."

Robert Covert and Roger Shaffer (Background) run the Multilith offset printing press while Lester Lucas is preparing to run the Davidson printing jobs.

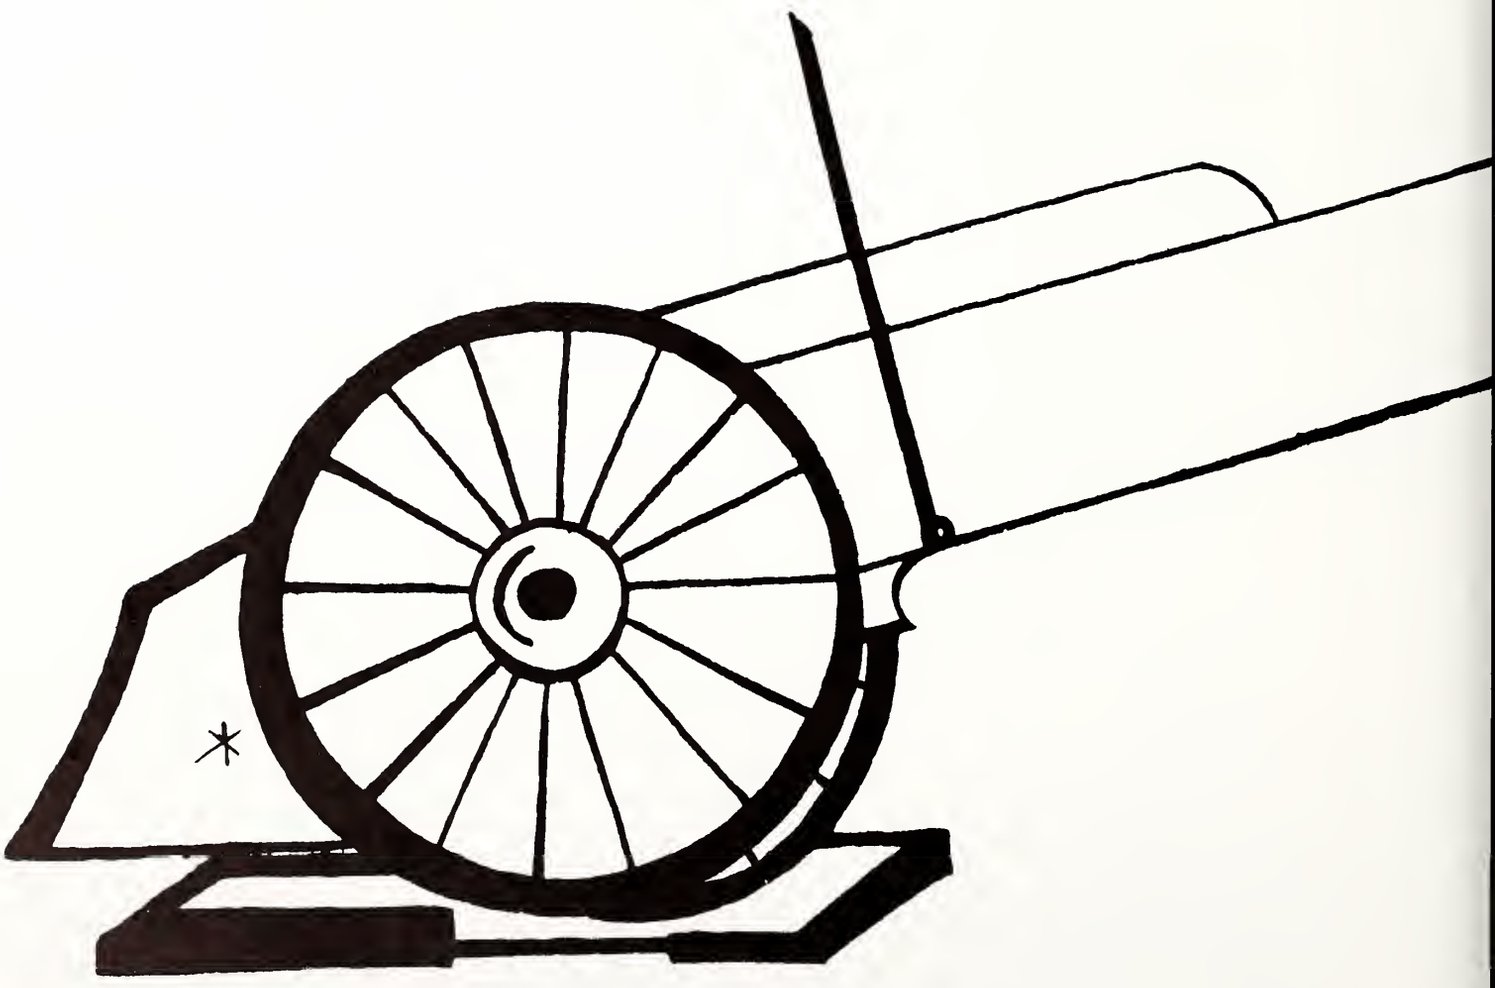
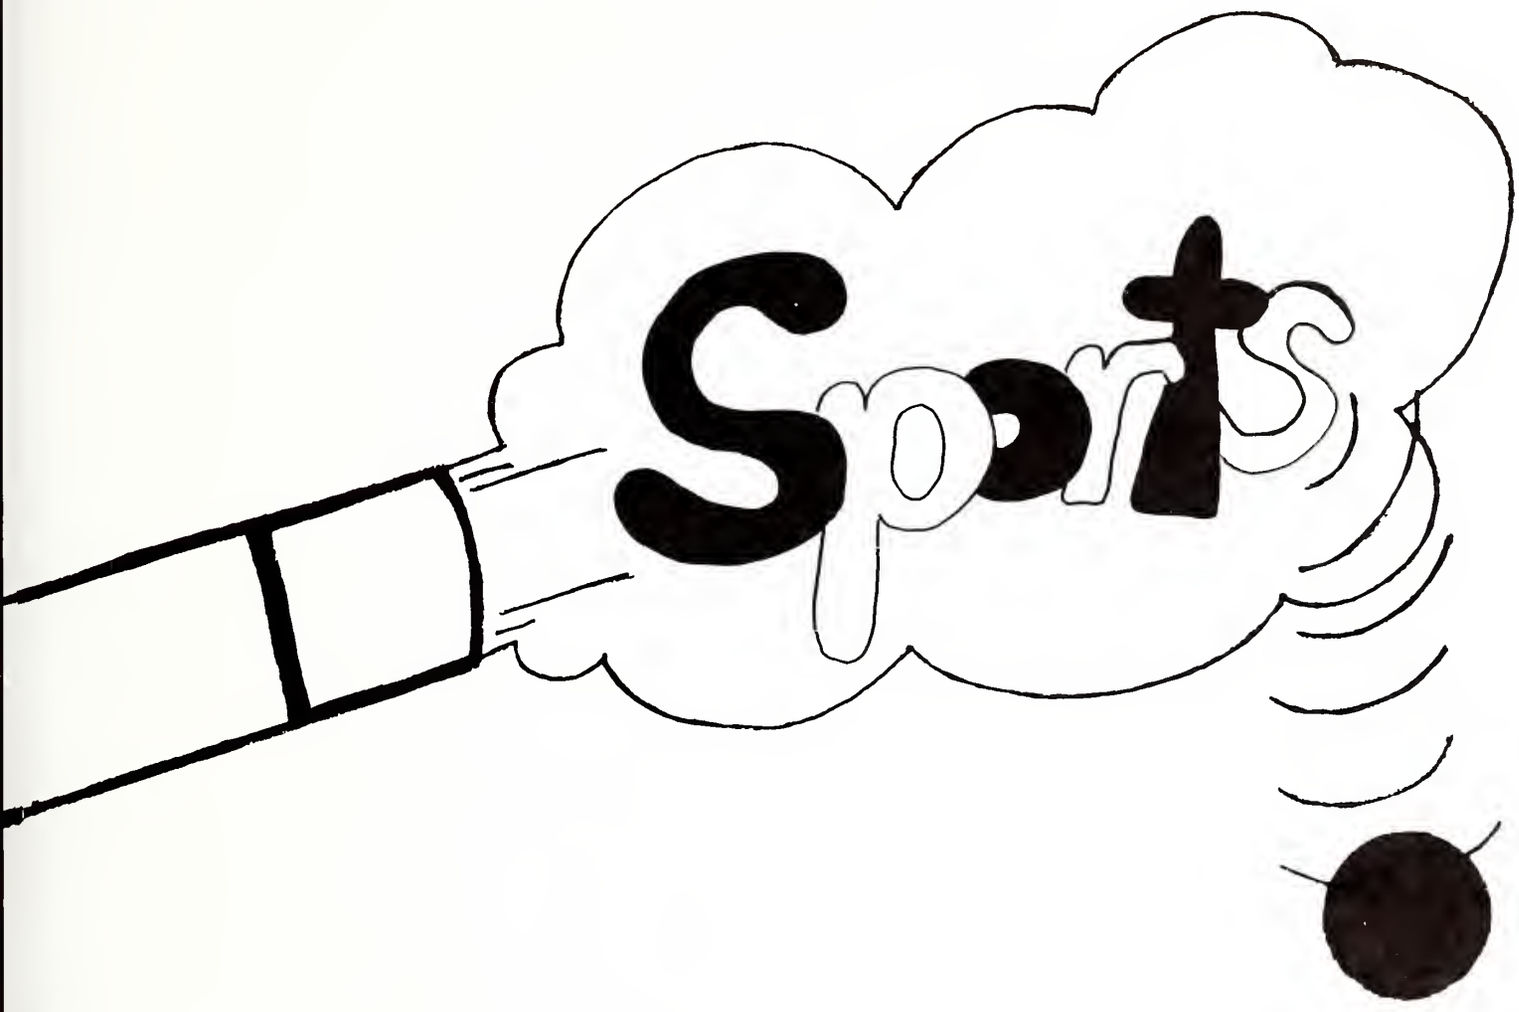
Patsy Ruffin observes the operation of the Hamada offset printing press as Steve Williams (hands only shown) lowers the ink rollers to the plate.

Laying negatives into position on a masking sheet is a necessary and exacting job in preparation to making the offset plate for printing. Roger Gryszawka, Darrell Tardy, Wesey Collins and Michael Hughes (l to r) prepare to lay in negatives of Cannon pages.





In this section you'll find out how Tech's athletes really scored during the 1981/82 season. Good or bad, we all should be proud of what we have. Remember athletes and fans, it's not if you win or lose, but how you play the game.

Swinging Into Action

The season record of 9 wins-11 losses for the Varsity Titans was no indication of the team's performance and capabilities.

Seniors Bob Haney and Andre Hansborough, Craig Messenger and Ray Bluitt provided some exciting moments for Tech baseball fans, along with the rest of the talented team.

Members of last year's team feel the '81 season should be very good. Our reserves had fine players who can fill the shoes of the graduates. When the season starts the team will be sporting new uniforms and will be looking forward to a better season.

Swingers Strike Out

The freshman baseball team didn't meet the standards of coach Scahill. With a record of 1-9, obviously the team only won one game. They learned how to play the game as well as character. Outstanding players were Don Cannon—pitcher & short stop, Wes Collins—second base. Better luck next year.

Footballers Have Rough Year

This year's football team had a long, hard season, but had its pride. This year the team was rebuilding with a lot of players coming back next year. Outstanding players were Co-Captain Robert Fox whose leadership Co-Captain Wayne Booker who also was a leader. Titans returning next year are: Quarterback, Larry Sledge and Clyde White.

Frosh F-Ballers Win

The freshman football team at least did better than the varsity, they won a game! The players were a dedicated and enthusiastic bunch of guys. They didn't lose their heads over a bad play, they went out and did the best they could. Good luck next year.

Come on guys let's block this punt.

Get out of my way, I have got to catch this football!!!

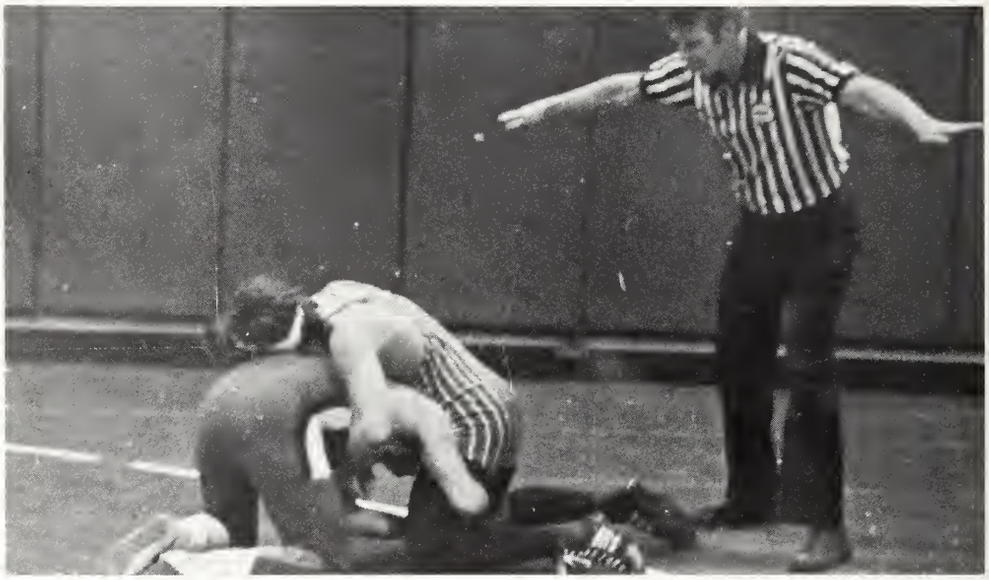
Wrap 'Em Up Wrestlers

The Varsity wrestling team did well this year. They did well in the city meets. Senior Robert Fox wrestled his way to the Semi-State wrestling meet at Market Square Arena. The coaches for the varsity team were John Hurley, and Francis Knue.

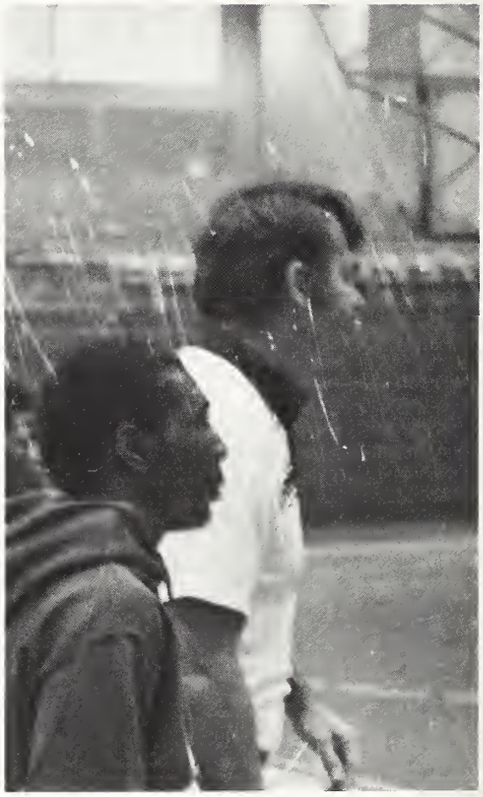
Unknown wrestler goes for pin.

Row 1; Levine Walker, Darren Arberry, Willie Arberry, Bobby Dowlen, Morvin Wilson, Jock Horris. Row 2; David Stiger, Kevin Jefferson, Jomes Hopkins, Jerry Frost, Wayne Booker, Kory Kolin. Row 3: John Hurley, Jerry Paige, Robert Fox, Joseph Wilson, Jomes Bonks, Froncis Knue.

Reserve Wraps 'Em Up!



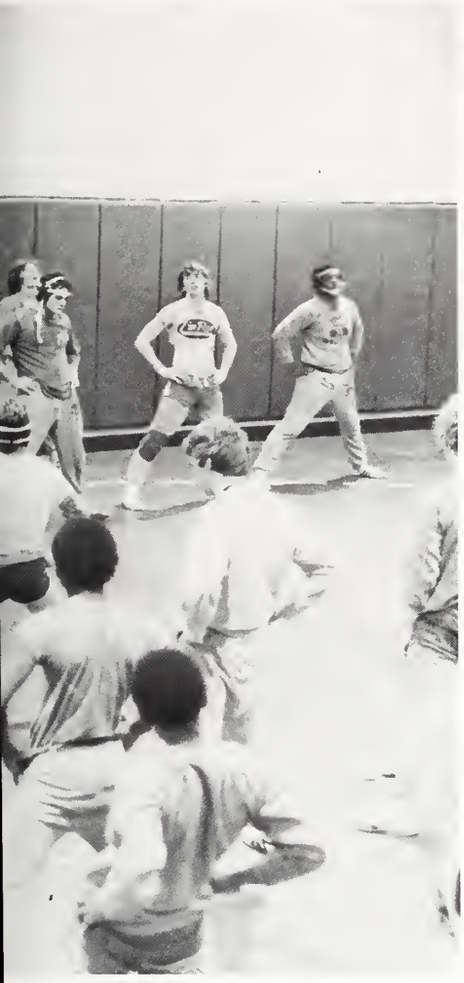
The reserve team did a poor job this season. Unfortunately the reserves got the boys that the coaches felt needed more practice before they made the varsity team. Good Luck next year boys and practice hard for the varsity team!!!



Safe!

Yeh, that's right I'm bad!

Coach Hurley watches in disgust.



Practice makes perfect.

Freshman wrestlers had an off season this year. They were coached by Mr. Sam Elmore. They had a record of 2-5. Some of the important wrestlers were Jimmy Leisering, Glenn Ingle, and Brian Bussell. Better luck next year.

The Tech swim team has had an awesome season so far this year. With new head coach Ron Ireland, the team practices better and harder than before. The swim team has an outstanding record of 8 wins and only 2 losses! The only losses were to Beech Grove and to Lawrence Central. "The team is physically and mentally stronger than before," said coach Ireland. Final year seniors are as follows; Tim Oakes, Dominik Hopmann, Barry Young, Marty Corpuz, Billy Jolliffe, Bob Poteet, Roy Wineinger. Hopefully next year's swim team will be a big success.

Dolphinettes Sink in Second Season

Yes this is the second year of the girls' swim team. First year coach, Betty Bailey, has shown great enthusiasm in building the team. Through her leadership, the team managed to xerox last year's record. Rochelle Elliott came out on top as most valuable swimmer. Julie Justus received the mental attitude award. Other memorable swimmers were Terri Young, Terri Wildrick, Lillie DeBruler, and Sherry Bolinger. Let's support the girl swimmers next year. Good Luck.

Julie Justus is excited about breaking the school record in the breaststroke. Her time was 1:31.2.

Turner Benefit Basketball Game a Big Success

The Landon Turner Benefit basketball game was played here on Nov. 6, the night of open house. The teams that played were the 1960 Tech stars, and the 1970 Tech stars. The 1970's team was coached by Landon Turner's father. The game raised more than 2,000 dollars to help pay some of Landon's medical bills.

The '60s team started great but the '70s team came back to take a 47-46 lead at the half. In the last 10 minutes the '60s team outscored the '70s team 21-16, but the '70s team held on to win 96-85.

High scores were J. Price—34 and P. Blue—16 for the '60s. A. Johnson and M. Harris—14 each, for the '70s.

Thanks to all of the people who supported this fantastic game.

Cagers Building Toward Future

The 1982 Varsity Basketball Team had a 10-11 record down from last year's record, 14-8. The record doesn't show the extreme effort of Mr. Cline's team.

The team was led by Junior Michael Stone with a 16 point average. Senior lettermen on the team were Johnny Robinson, Jesse Evans, Vincent Day, and Lewis Bonds. Michael Stone and Marcus Brown may be returning next year.

Frosh Dribblers Show Promise

The freshman basketball team had a pretty good season. They broke even with the number of wins against the number of losses. Coach George said, "They're one of the best teams I've coached in a while." Good luck in the reserve league next year.

Not only are classes a part of Tech life, but so are our fun and games, known as activities. The activities range from Drama to Bowling Club. If you can't find anything to do, look around; there is something for everyone. Everybody should join a club or activity and be a part of our fun and games.

Pepping to Victory

Have you ever wondered what it would be like to be a varsity Cheerleader? Or a cheerleader of any kind? Hopping around in a minnie skirt and having all the attention? Well, it's not all a bowl of cheries some of us may think it is. Remember back to football season and the 50 and 60 degree weather, and who froze their too-too's off? Come rain, snow, or the blustery wind from the west, those faithful cheerer's were out in front leading their team to victory?; and some to defeat. Never the less they kept right on going. CHARGE! Our Cheerleaders also went to camp and won the spirit stick from all the other schools. So if you are considering a spot up front, always remember you may end up a Dallas Cowboy Cheerleader. RAH! RAH! RAH!

Have you ever asked yourself "What is genealogy?' Well . . . genealogy is the study of the descent of a person of a family. And this is exactly what the Genealogy Club studies. Members of the club trace their family history back in time, sometimes as far as Adam and Eve.

Mrs. Wilson, the club's sponsor, has traced some of her family history. Her experience in this has been a great help to the students. The club travels to the State House and the many different libraries throughout Indianapolis. These trips are always helpful in finding more information about one of their families.

So . . . if you're interested in tracing your roots or finding your culture, then the Genealogy Club is for you!

A Few Spare Titans Strike Out Weekly

The Tech Bowling team meets every Tuesday after school and bowl each other for fun and competition.

Brains Compete

This year's Brain Game Team got off to a slow start. However, you can't say they didn't try!! They had a lot of hard-working thinkers consisting of Tonya Moore, Dagmar Butte, Chris O'Connor, Angela Pfile, and Donna Roberts.

The Brain Game is televised on Channel 13 and hosted by the weatherman Bob Gregory. So, if you feel you're smart, then why not give it a try!

The Chess team takes time out to smile.

"I guess that's Check Mate, there's no way out!"

And Now Live . . .

Every day during Roll Call you hear something over the intercom called the WATS Broadcast. This is the best way of keeping the students informed of various activities and what's going on at Tech. Students from the Speech Team participate. They read the daily bulletins and keep the students up to date. The WATS broadcasters this year are Dagmar Butte, Ron Stalnaker, Sharon Bell, Debbie McManama and Denise Ulsh. Mr. Minks, who is an English teacher, supervises it. So if you ever want to know what's happening around Tech, tune in on the daily WATS broadcast.

Drama Club Members Hopefully Future Actors . . .

All of the students who participate in drama club are interested in acting and/or drama itself. Some don't really intend to be professions, but they have fun acting during their high school years. For those who do want to make acting their career, this is an excellent way to get the experience. The sponsors for drama club are Ms. Judith McBribe and Mr. Stan Minks, both which are English teachers here at Tech.

Say It With Words

The Speech Team at Tech is probably one of the most successful. They compete with schools from all over the state.

Coached by Ms. Alice Goodrum, the teom has managed to defeat some of their toughest competition. According to some people at Tech, it's one of Tech's assets. So why not give it a try?

If a student joins the Speech Team they become a part of a group called N.F.L. To become a member you must have 25 points, received by doing good speeches.

N.F.L. stands for the National Forensic League, and is a national honor society for speakers. The points for N.F.L. are awarded on the basis of points received in the different rounds, some categories receive more than others. This year's officers are Cindy Anderson president, Dagmar Butte vice president, Dawn Trobe secretary, Paul Murphy treasurer.

In big bold imaginary neon lights which houvered over the Anderson Auditorium November 5-6, the Mash Unit 4077 took to the stage for two hilarious performances. Mrs. Alice Goodrum, director; and Jerry Smith, student director, supervised the magnificient cast in their acting abilities.

With Bryan Allen as B. J. Honeycutt, Jeff Hess as Hawkeye Pierce, and Cindy Thompson as 'Hot Lips Houlihan,'' the play was a major success. Other cast members were: Tina Price, Pam Henshaw, Angie Pfile, Kim Bernard, Camille Goodrum, Denise Ulsh, Holly Sullivan, Debbie McManama, Dagmar Butte, Cathy Hess, Deanna Smith, Andrea Piety, David Price, Harry Gary, Mike Suess, Bill Haak, Ron Ramey, Tim Oakes, Andy Butte, Lynn Curry, Tim Spradlin, Dawn Trobe, Mark Davis, Donald Quiett.

Titians Dress to Kill, Learn to Act

Drama Club Thespians have several exciting ventures each year. One of these is the annual afternoon of one acts. This year the fare consisted of The Little Red School House and A Connecticut Yankee in King Arthur's Court. The plays were done entirely by students under the direction of Pam Henshaw, Angela Pfile and Debbie Spellmann, with the assistance of Michael Seuss.

The Little Red School House is a madcap collection of crazy turn of the century students who do their level best to drive their teacher into insanity.

The Connecticut Yankee was Tech's first venture into the middle ages with some interesting twists. This time even Merlin succumbed to ERA. The one acts were fine amusement for the audience.

Blasting Through in '82

The Tech Key Club has been a very active group this year. The group has been rated high in the state of Indiana.

Some of the Key Clubber's activities include collecting money for the Jerry Lewis telethon, sponsoring the Homecoming, ringing bells for the Salvation Army, a canned food drive, candy sales, and participating in the Indiana District convention.

Rhonda Duff, president, begins each meeting with the Pledge of Allegiance, followed by the Lord's Prayer, also led by Rhonda. The secretary manages monthly reports sent out to the Key Club Governor.

The Key Club takes pride in what it stands for, and hopes to become even stronger in the future.

S.A.O. stands for Student Affairs Organization. This club works very close with the City-Wide Student Council, along with sponsoring the Student-Faculty Basketball Game and the crowning of the basketball queens.

Before the club's officers are elected, each candidate must give a speech. This year's officers are Anna Amato, President; Kevin Alcorn, Vice President; Christy Wilson, secretary; and Grace Stigger, Treasurer. The sponsor of this fine club is Miss Cheryl McVay. So if this club is for you, then make a point to join next year.

Ring Out Wild Bells

The Tech Bell Choir is a very talented performing group that plays bells for elderly people, churches, and other schools. The group is directed by the very hard-working Mr. Gary Conway.

People also audition for this group at the end of every year and are expected to show up for all programs as part of their grade. The group practices every day for 40 minutes 3rd period.

Wild and Crazy Again This Year

The Tech Music Department is just as crazy this year as ever before! With Paul Prather, Kandis Brown, Gary Conway, Lee Barricklow, Ron Nobles, Edward Evans, and Mr. Davis (Pepper) all working together as a team, they create one of the best high school musical departments throughout Indianapolis. Even though there is a lot of good times here everyone knows when it is time to go to work. Now that the musical has come and gone all of the devotion and hard work has paid off. We can see this clearly from the 1982 musical "Camelot."

Techoir is considered the top singing group at Tech. The group meets everyday 5th period to practice on all types of songs for concerts and contests.

Most of the students in Techoir had taken beginning choir classes in their previous years at Tech before getting into this group. Tryouts are held at the end of every year. Only the best and most talented singers are chosen to participate in the following year. Mr. Paul Prather, music department head, directs this talented group and is accompanied by Mr. Ed Davis.

The Chamber Ensemble is a new group at Tech. Together it is called the Chamber Ensemble and Madrigals and Swing Choir, just depending on the time of the year. Separately it is the Girls Ensemble and the Boys Octett. The Madrigal dinner was performed December 9,10,11,12. At the dinner madrigal music was sung and a dinner was served and a play was put on. Here is a list of the Chamber Ensemble members: Anna Amato, Lori Armour, Genena Brown, Dagmar Butte, Cathy Hess, Magret McRoy, Angie Pfile, Tina Price, Tiersa Greene, Debbie Spellman, Denise Ulsh, Venessa Waters, Irene Wilson, Julie Wilson, Leah Wolcott, Bryan Allen, David Carter, Lynn Curry, Leonard Hiser, Richard Lay, Lawrence Martin, Jeff McKinney, Rodney Mills, Paul Murphy, David Price, Marcy Quintana, John Reed, Tim Spradlin, Barry Young.

In Concert . . .

Tech's 1981-82 Orchestra is still as musically inclined as ever! With over 48 musicians working together with their musical ability, this musical group is capable of performing even the hardest pieces of music. But without the direction of Mr. Ron Nobles, this would hardly be possible. While directing the orchestra for 12 years, he has influenced many students to go on and become fine musicians. Keep up the good work, Mr. Nobles!

The String Ensemble is just as busy this year as ever before! With Ron Nobles as Director, the string ensemble practices hard everyday during eighth period preparing new pieces to perform. They are one of the strongest performing groups here at Tech, winning consecutive contests over the past years. The concerto concert and the Valentine's Day tea are just a few things that the string ensemble participates in during the school year. With Mr. Noble's "working them to their bones", the string ensemble will be just as good this year as ever before.

Camelot' Coming To Tech Stage

It's almost spring and a few signs of its coming are . . . the first robin, baseball scrimmaging, and of course the 1982 musical! Yes, it's that time of year when all those directors, stagehands, orchestra members, and stage performers work their hardest to surpass the excellence of last year's show.

Camelot is in the making. It is a musical based upon the legend of the "Knights of the Round Table" and the love triangle between King Arthur, Queen Guenevere, and Sir Lancelot. In the leading roles are the following:

QUEEN GUENEVERE – Colene Carrasco
KING ARTHUR – Mario Quinonez
SIR LANCELOT – Jay Reed
MERLIN – Paul Murphy
MORDRED – Richard Lay
MORGAN LeFAY – Pam Sanders
PELLINOR – Michael Sams

Performers were chosen after try-outs. The practices are 3:30 till 5:00 Monday through Thursday. The lead players practice in room 107 while the chorus practices in room 548.

Members of the faculty who are directing the musical are as follows: Mr. Paul Pratcher, chorus master and director of the orchestra; Mr. Ed Davis, accompanist/musical; Mr. Gary Conway, choreography and vocal; Mr. Stan Winks, staging and directing; Ms. Judith McBride, properties and make up; Ms. Mary Mallard, costumes; Mr. Ray Browne, stage design; and Mr. Lee Berrickaw, lighting.

Martin Luther King Prizes Awarded

Three Tech Students were recently awarded prizes for their entries in the statewide Martin Luther King Jr. Essay Contest. Winners were Debra McManama, a sophomore, and sisters Deborah Spellman and Kevin Warner.

Each of the winners received a merit citation and were awarded $25 for their endeavors. The theme of the essay was "Achieving an Inclusive Community." The essay was an assignment in many English Classes (in some classes participation was optional) and several entries were submitted to the English office and then to the competition.

The contest coincides with Black History Month, a national observance in honor of the accomplishments of black Americans.

Nona Coggins

CO-EDITORS-IN-CHIEF Kim Bernard and Nona Coggins examine page layouts for the Cannon newspaper.

Coggins, Bernard Head Can

Several revisions have been made in the editorial staff of the Arsenal Cannon Newspaper, along with new additions to the reporting staff.

Most notably, there is a change in leadership as Kim Bernard will now share the duties of editor-in-chief with Nona Coggins. Bernard has also taken over page four, and Coggins will now edit page one.

Donna Parris will remain as page three editor, while page two is now under the control of Alicia Wilson and Sharon Pipher. Anne Blagrave and Beth Fleming are co- and Susan Farley will continue as editor. Photographers are Robert L Patricia Johnson.

Reporters for this semester include Debbie McManama, Renee Barber, Nyan, Glen Ingle, Deborah Fle Howe, Theresa Sack, Walter W Dawn Bolton. Newsmakers are G Patricia Johnson, Steve Sams, Mi and Rick Simpson.

Local Centers Provide Aid To Pregnant Teens

By Susan Farley and Alicia Wilson

Each year thousands of teenage girls become pregnant. In this article we will explore the subject of pregnancy among Indiana teens and how these girls may be helped.

From statistics provided by People's Health Center, it was shown that in 1979, 13,750 Hoosier babies were born to girls age 19 and under. Of these, 237 were born to girls age 14 and under. For 15 year olds, the almost tripled, and the number of was four times that of 15 year olds.

For each age group the num was increased greatly. At least 3 all Indiana girls 15-19 were pre Nearly one million adolescents

Tech's newspaper staff spent another busy year gathering the news of the campus for the Arsenal Cannon. Dedicated and conscientious, the Cannon staff works hard to turn out a newspaper that's interesting and timely. Trying to appeal to the wide variety of readers at Tech and maintain high journalistic integrity is an effort the reporters, photographers and editors take on with pride and determination.

This year's editors, under the watchful eye of advisor Cecil T. Tresslar, include co-editors in chief Nona Coggins and Kim Bernard, page editors Anne Blagrave, Alicia Wilson, Donna Parris, Beth Fleming and photo editor Susan Farley.

Dedication is the key word to getting the yearbook put together. A very dedicated group of yearbook staffers headed by Mrs. Brown. They work on it during their lunch hours, class time, and even on weekends.

The new yearbook is thoroughly planned as soon as the last one is finished. Then all editors are assigned and then work should begin. Editors try to get the old and new staffers started out on the right foot. Showing new staff members layout procedures is also up to the editors. Once things get going and pages are layed out, they are sent to the publishers in groups by certain deadlines. The rough drafts (proofs) come back to be studied and/or corrected. Once all final touches are applied, the book is sent back to the publisher where it is printed.

Junior Council . . .

Junior Council is made up of members of each junior roll room. These students represent the Junior Class, and assist the Senior Council in accomodating the Junior/Senior prom. The Junior Council sponsored a green and white day, and money making activities that include selling green and white derbies to help boost the school's spirit.

The officers of this year's council are Steve Jones, President; Shaun Shelby, Vice President; Deanna Smith, Treasurer; and Celeste Webster, Secretary. These students have been very successful in preparing the Juniors for their last year of school; Their Senior Year! Congratulations to you all!

Senior Council Strives For Perfection

The Senior Council for the Class of 82 worked hard to make 82 the best year it could be for the seniors they represent. Five representatives from each roll room comprise the council (twenty-five members total) and officers of the class are duly elected from those representatives. Together with their sponsors, Lou Mann and John Kanouse, the council plans activities for the seniors (like Sadie Hawkins Day and the Tug-of-war) and plan and raise money for the prom. Some of the other events the Senior Council promoted were Perfect Attendance Week, a Holiday Mixer, and a Potatoe Sack race.

Officers of the Council are President Kimberly Bernard, Vice-President Jay Hood, Secretary Wynona Coggins, and Treasurer Anna Amato.

Though lacking the recognition it deserves, the flag detail is another of the ROTC service groups. The detail raises and strikes the national colors ever morning in clear weather and evening after school. What few know that the flag detail members often run through the rain to lower the flag if the conditions suddenly sour.

Kneeling; R. Wright, M. Capler, Standing; Carnwell, K. Graves, Pierce. This concluded the Flag Detail.

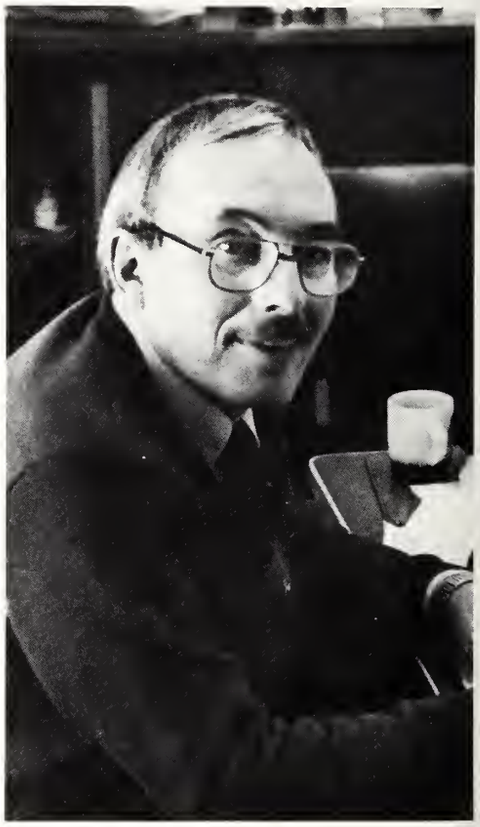
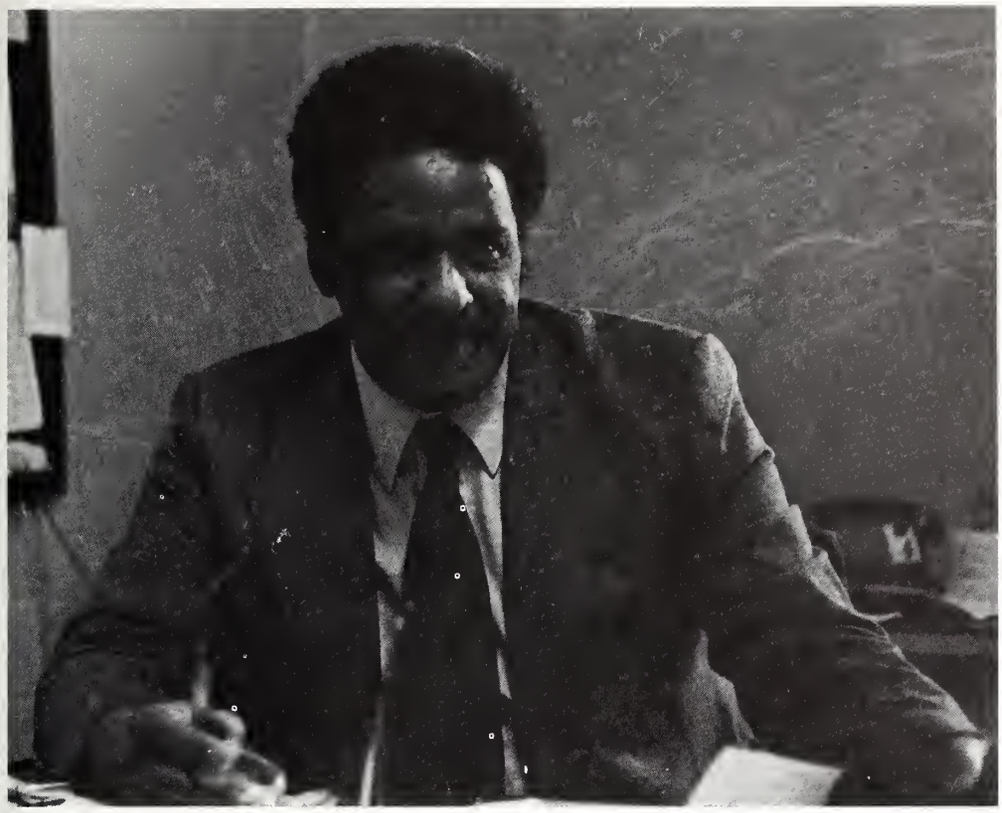
The faculty at Tech plays an important part in the building of our minds. We have classes, but without teachers, what good are they? Come and meet the "mind builders," our teachers.

Ray Reed, Principal
Joseph McGeehan, Vice Principal
John Minor, Director of Personnel and house leader.





It has been said that a high school is only as good as its administrators. If this is true, then Tech has a head start on being the best secondary school around. Under the leadership of Ray Reed, principal, our administrators are forward looking and progressive. They are also aware that discipline is the key to success. We, the student body, are fortunate to be in the hands of such capable leaders.
